SUMMARY

Digital Experience Engineer with 3 years of expertise in Sitecore (XP, XM, XM Cloud), ASP.NET MVC, and C#. Skilled in Headless CMS, Sitecore JSS, React, and Next.js, delivering high-quality, scalable digital solutions. Proven career growth from intern to engineer with a focus on collaboration, innovation, and results.

EDUCATION

CGPA 8.98, Bachelor of Engineering, Computer Engineering, MBIT, GTU
12, 87%, Jawahar Navodaya Vidyalaya, Gandhinagar, Gujarat
10, 91.2%, Jawahar Navodaya Vidyalaya, Bharuch, Gujarat

EXPERIENCE

Horizontal Digital - DX Engineer **01/2025 - present**

- **SC Johnson:**
  - Led seamless content migration from Sitecore XP to XM Cloud, automating processes with PowerShell scripting to reduce content authors' workload and boost productivity, enabling teams to focus on high-value tasks.
  - Implemented a bucket structure to organize large volumes of content and media, reducing the burden on content authors and enabling easier navigation to specific pages and items.
  - Developed complex GraphQL queries to efficiently fetch and aggregate data, reducing API call overhead and improving performance in headless Sitecore implementations.
  - Optimized Sitecore Search by configuring and customizing search functionality to enhance content discoverability, improve performance, and provide a seamless user experience.
  - Designed dynamic components in Next.js to enhance performance and user experience.

Horizontal Digital - Associate Backend Developer **06/2022 – 12/2023**

- **Andersen Windows & Renewal by Andersen Windows:**
  - Developed reusable Sitecore components to enhance scalability and maintainability.
  - Implemented workflows and custom personalization for tailored user experiences.
  - Built and optimized Coveo components to improve search functionality and resolved accessibility issues while ensuring compliance with standards.
  - Maintained detailed project documentation for smooth deployment.
- **Horizontal Talent:**
  - Developed dynamic components using Sitecore SXA, streamlining content management through schedulers, workflows, and component cloning.
  - Integrated Microsoft SQL Server to ensure efficient and secure data storage for user details.

Horizontal Digital - Associate Backend Developer Intern **01/2022 - 05/2022**

- **Horizontal Training Portal:**
  - Created reusable components in traditional Sitecore with ASP.NET MVC, utilizing C# to deliver reliable backend functionality.
  - Implemented Microsoft SQL Server for secure and scalable data management, enhancing application efficiency.

TECHNICAL SKILLS

Languages: C, C++, C#, Java.
Frameworks: ASP.NET MVC, React, Next.js.
Web Technologies: HTML5, CSS3, JS, TypeScript, Tailwind.
CMS Platforms: Sitecore (XP, XM, XM Cloud).
Other: Problem solving, Data structures and algorithms, Sitecore Search, GraphQL, Docker.

CERTIFICATIONS

- Responsive Web Design (FreeCodeCamp)
- ReactJs (Udemy)
- Sitecore XM Cloud Developer Certification (Sitecore)
- Sitecore 10 .Net Developer Certification (Sitecore)
