SUMMARY

Digital Experience Engineer with 4+ years of expertise in Sitecore (XP, XM, XM Cloud), ASP.NET MVC, and C#. Skilled in Headless CMS, Sitecore JSS, React, and Next.js, delivering high-quality, scalable digital solutions. Proven career growth from intern to engineer with a focus on collaboration, innovation, and results.

EDUCATION

CGPA 8.98, Bachelor of Engineering, Computer Engineering, MBIT, GTU
Class 12 - 87%, Jawahar Navodaya Vidyalaya, Gandhinagar, Gujarat
Class 10 - 91.2%, Jawahar Navodaya Vidyalaya, Bharuch, Gujarat

EXPERIENCE

Horizontal Digital - DX Engineer **01/2025 - present**

- **Irwin Mitchell:**
  - Eliminated the need for custom middleware by implementing Sitecore Connect with Authoring GraphQL to fetch and sync Passle (third-party integration) posts into Sitecore, minimizing integration development effort by 60–70% and accelerating delivery timelines.
  - Reduced manual content entry by automating post ingestion and item creation, updates, and deletion workflows, cutting manual effort by 70–80%.
- **SC Johnson:**
  - Led seamless content migration from Sitecore XP to XM Cloud, automating processes with PowerShell scripting to reducing content authors' workload and improving productivity, enabling teams to focus on high-value tasks.
  - Applied a bucket structure to organize large volumes of content and media, lowering the content author effort and enabling easier navigation to specific pages and items.
  - Developed complex GraphQL queries to efficiently fetch and aggregate data, reducing API call overhead and improving performance in headless Sitecore implementations.
  - Optimized Sitecore Search configuration to improve performance and content discoverability.

Horizontal Digital - Associate Backend Developer **06/2022 – 12/2023**

- **Andersen Windows & Renewal by Andersen Windows:**
  - Developed reusable Sitecore components to enhance scalability and maintainability.
  - Implemented workflows and custom personalization for tailored user experiences.
  - Built and optimized Coveo components to improve search functionality and resolved accessibility issues while ensuring compliance with standards.
  - Maintained detailed project documentation for smooth deployment.

Horizontal Digital - Associate Backend Developer Intern **01/2022 - 05/2022**

- **Horizontal Training Portal:**
  - Created reusable components in traditional Sitecore with ASP.NET MVC, utilizing C# to deliver reliable backend functionality.
  - Implemented Microsoft SQL Server for secure and scalable data management, enhancing application efficiency.

TECHNICAL SKILLS

Languages: C, C++, C#, Java.
Frameworks: ASP.NET MVC, React, Next.js.
Web Technologies: HTML5, CSS3, JS, TypeScript, Tailwind.
CMS Platforms: Sitecore (XP, XM, XM Cloud).
Other: Sitecore Search, Sitecore Connect, GraphQL, Docker, Problem solving, Data structures and algorithms.

CERTIFICATIONS

- Responsive Web Design (FreeCodeCamp)
- ReactJs (Udemy)
- Sitecore XM Cloud Developer Certification (Sitecore)
- Sitecore 10 .Net Developer Certification (Sitecore)
